

## Shops - Insider tips

We are sure you'll discover the supermarket, café-bars and pizzerias around Santa Flavia in no time. There are lots of great shops, but we'd like to recommend three in particular which we find especially useful. They are all in Via Pezzillo, parallel to Corso Filangeri and close to the level crossing. If you cannot speak Italian, they will still manage to help you!

Shopping Tip: Using Google Translate on your smartphone works perfectly well in almost all situations.

Does your hired bike need its tyres pumped up? Francesco will help you immediately. You will find him in Via Pezzillo (see map).

Do you need supplies for your coffee machine? Giovanna is happy to provide you with different varieties of espresso, including the local brand "TO.DA".

But beware: Giovanna's shop is also full of temptations like chocolate and Sicilian wines!

You will find Giovanna in Via Pezzillo (see map).

Do you want to thank your Italian teacher? Patrizia will make up a beautiful bouquet of flowers. You will find her in Via Pezzillo (see map).
